Section C
Comprehension

Q. Read the following passage carefully and answer the questions given below: (20)

There are more than three lakh polio cases around the world till today. Polio causes deformation of the body structure and prevents the limbs from fully growing. A deformity in the body often causes mental and emotional setbacks in a person's life. Little Billy was born without hands. Yet he was a very happy child. He went to a normal school like any other child his age. He loved to play football with his neighbours and watched movies at the cinema from time to time whenever he was free.

When he was just three years old, his mother taught him how to use his mouth to hold a pencil to draw. It was very difficult at first but Billy was a very determined boy and soon mastered the skill. His mother was very proud of him and always encouraged him to try his best at whatever he was doing. Soon Billy could make them nice cards so that they too could send them to other friends on special occasions like birthdays and Christmas. Before long, her friends asked if Billy could make them nice cards so that they could send them to other friends.

When Billy first started school, his classmates teased him or avoided him. Nobody played with him or talked to him. He felt very dejected and lonely. One day, during an art lesson, his classmates saw that he could paint beautiful pictures using his mouth and they were very impressed with his talent. Ever since then, they

SECTION B

treated Billy like any other child in school and no longer made fun of him or avoided him. Billy made many friends in school. He was not ashamed of how he looked. In fact, he soon inspired people around him. Sometimes, friends who were feeling down or discouraged would talk to him or seek his help. He would encourage them to look at the bright side of life.

Billy tried to do whatever he had in mind. Though there were some things he could not do without his hands, he made sure he could do other things that did not require hands. He has shown the world that success only comes to those who live with his motto- 'To be the best that I can be.'

1. What does Polio cause? Which deformity did Billy have? (2)
2. What did Billy do in his free time? (2)
